Students who would like to get an ESOL endorsement at the same time as their MAT degree, should consider applying for the online / hybrid programs. However, if a student is in the campus-based program, it can be negotiated. They will need to take courses in the Spring term, prior to the official start of their program in the Summer, and will need to plan on taking courses in the Summer after they complete the MAT program. Here's an outline of what it would look like for each cohort:

Four Term Campus Based Cohorts				Six Term OH Winter Start Cohorts				Seven Term OH Fall Start Cohorts
