

Prerequisite Coursework for Admission to the MAT Program: **Health Endorsement**

Is a degree in Health required? No, but there is a requirement for a minimum of 20 specific quarter hour credits in designated strands of Health Education.

Required Coursework in School Health Education (Health Endorsement):

A candidate recommended for Health endorsement must meet the following requirements:

- 4 credits of a drug education or alcohol, tobacco and drug course (e.g. HE 366)
- 4 credits of a human sexuality course (e.g. HE 367)
- 4 credits of a human nutrition course (e.g. HE 325)
- 8 credits of school health specific, methods coursework (e.g. HE 496 and HE 445/545)

Are there other requirements besides coursework that need to be met, specific to your discipline? No. All coursework should have earned grades of a C- or better and not be more than 10 years old.
