

## Prerequisite Coursework for Admission to the MAT

### Program: **Physical Education Endorsement**

**Is a degree in Physical Education required?** A future teacher must have completed the requisite coursework in Physical Education to be admitted into the MAT program at WOU. A degree in exercise science would be accepted upon review, but the coursework in Physical Education Teacher Education (PETE) would need to be completed prior to admission. A degree in any other subject would be accepted, but multiple courses in both PETE and foundational courses in movement sciences must be completed.

See <http://www.wou.edu/hexs/p-e-t-e/>

#### **Required Coursework in Physical Education:**

The ideal candidate will have satisfied the following requirements:

#### Prerequisites to EXS Foundations of Human Movement Core

BI 102 (prerequisite to the human anatomy & physiology series)

BI 234, 235, 236

#### Foundations of Human Movement Core

EXS 230, 310, 371, 415, 444, 470, 473, 483

#### PETE coursework

EXS 239, 240, 241, 242, 243, 244, 245

EXS 330, 335, 430, 431, 445

Two activity courses that are from Eastern Arts, Aquatics and/or Outdoor Education.

# Master of Arts in Teaching

Richard Woodcock Education Center 117 | 503-838-9269 | [derochowskiz@wou.edu](mailto:derochowskiz@wou.edu) | [wou.edu/graduate](http://wou.edu/graduate)

Are there other requirements besides coursework that need to be met, specific to your discipline? No. People looking for a Health and Physical Education endorsement need to work closely with an advisor.
